## Education •

**2004** **B.F.A. magna cum laude, Photography**, Utah State University, Logan, Utah  
**1998** **A.S. with high honors, Graphic Design**, College of Eastern Utah, Price, Utah

## Work Experience •

**2005–present** **Photography Manager**, Stampin' Up! Inc., Riverton, Utah  
Saved the company hundreds of thousands of dollars per year, by hiring and training an in-house photo staff, instead of relying principally on outsource vendors. Photographed and clipped all silo shots for entire product offering. Photographed, styled, retouched and art directed images for company catalogs, magazines and web sites, including covers and other high profile lifestyle and beauty shots. Established highly effective cost and time saving measures in communication and photographic procedures.

**2004–05** **Post Production Manager / Photo Assistant**, Dunker Imaging, Logan, Utah  
Used Photoshop to color correct, manipulate and enhance photos produced by the studio. Assisted in commercial photo shoots, in studio and on location. Trained employees involved in post-production work. Kept a large format Epson printer maintained, profiled and running while producing regular high quantity print runs. Improved and grew a fine-art reproduction service. Managed photo archive organization and backup.

**2001–04** **Photo Editor / Assistant Photo Editor**, The Utah Statesman, Logan, Utah  
Made assignments and personally shot and edited photos, and hired/trained/mentored the photo staff in a high paced, deadline oriented, newspaper environment. Collaborated with editors to develop concepts for visuals and design layouts.

**1997–98** **Photographer**, Faculty Assistance Center, College of Eastern Utah, Price, Utah  
Worked creating photographs and designs for college web sites. Scanned slides for digital archive. Assisted faculty with various audio-visual needs.

**1996** **Photographer**, State of Utah Resource Web Project, Price, Utah  
Photographed Utah natural resources and captioned images for the SURWeb.org web site.

## Freelance •

**2004–present** **Clients have included:** Utah Business Magazine, Intermountain Health Care, Church of Jesus Christ of Latter-day Saints, KampK, Utah State University, Cache Valley Women's Center, Phytokinetics, and Waffle D'Jour.

## Skills •

- **Computer programs:** Photoshop, Lightroom, Bridge, Illustrator, In Design, Microsoft Office, Picasa, and Canon EOS Capture. Macintosh and Windows OS.
- **Digital photography workflow:** Tethered digital capture, raw processing, non-destructive editing, color space management, file optimization for print and web projects, photoshop comping, retouching, and clipping paths.
- **Foreign language:** Fluent in Spanish.
- **Computer networking and file organization/backup strategies.**
- **Large format inkjet printing and color profiling.**
- **Programming languages:** HTML, C++, and Java.
